Lancaster, California

March 2020

Antelope Valley Treasure Hunter's Society

Volume 40 Issue 3

Meeting held 1st Monday of every month at 7:00 PM (unless otherwise noted in newsletter).

The Pres Says....

"Hello to all the AVTHS members out there, active or inactive, I'd like to encourage you all to attend our meetings & outings, as we have been so far this year enjoying some good turnouts for our outings & great finds to show at our meetings. Keep up the great work y'all! Our outing to Will Rogers Beach had a bunch of hunters show up (have to check with Jason to find out how many). I showed up early enough to still get in for \$5., but not before Harry and Dennis Miller had hit the beach. When I saw there was no cut to work, I stayed mostly on the towel line and managed to find a little clad coin and a folding knife. I headed back to the parking area to find several members just arriving. Since Jason had just got there, I handed him the attendance list and headed off to Santa Monica, north of the pier. Another handful of change and a small Silver Cross later I decided to try some City strips in Venice. I'm sure glad I did.

An hour into an old neighborhood I had found only a few wheats and clad coins when I came to a special spot. A 1920s house with bare dirt below the sidewalk level, just what we love! The first target I dug was an old kids heart ring, followed by a couple wheats. Then I got a 43' Merc and a Rosie from the same hole. A couple more wheats, then a 1905 Indian Cent and a few feet away a 1936 Buffalo nickel in good condition. Wow! All this in front of one house. I don't think I would have done as well at the beach, although Harry managed to find a silver dollar at the North Santa Monica Beach (leave it to Harry).

Our next outing is to Atolia mining area near Randsburg. To search for coins, relics, and gold.

I will lead the outing and will do my best to put us onto some good treasures. It has also been dry enough weather that dry washing in the area wouldn't be out of the question. Anyone trying to caravan feel free to contact me at 661-733-9869 and we will arrange a time and place to meet. Bring your equipment, drinks, snacks, and any other necessary supplies. See you there!

Thanks,
Scott Sandahl.

P.S. I'm sadly announcing the passing of another one of our long-time members, former president of our club and dear friend Mike Temple. Mike was an active member until 2017, attending most meetings and outings (even saying if he made it to 100, he would be club president again.) He almost made that goal, living a very full life of 97 years. There is an old article about Mike, written by Mike, from one of our old newsletters that Rick and Vicki managed to dig up that tells his life story better than I can, but let me just say Mike Temple was a great guy, a dedicated member who loved detecting and showing off his monthly funds! A very knowledgeable guy who loved sharing his experience with all. We'll miss you Mike.

REMINDER: 2020 DUES ARE DUE NOW!

**ANY MEMBERSHIPS NOT PAID BY
THE MARCH MEETING WILL BE CANCELLED.**

**ALSO, RETURN YOUR RENEWAL APPLICATION
AND RELEASE FORM!**

In Memory of...

Mike Temple

1923-2020

Here is Mike in his own words... (From The Loop 2002)

As your President, I believe the members are entitled to know a little about my background.

To begin, I was born Michel George Temple on March 8, 1923 in Nantes, France. My father was a soldier in the First Infantry Division in France. He married a French lady and, as he was a U.S. citizen, both my mother and I automatically became citizens.

When I was nine months old, my parents moved from France to New York City along with my mom's mother. I started school in New York not being able to speak English, as French was spoken at home, but within a couple of months, I was speaking English.

We moved to Riverside, CA from Middletown, N.Y. in 1937. In 1942 I enlisted in the Army Air Corps. After three years in the service, I went back to work at Norton Air Base in San Bernardino as a mechanic. Four years later I started college under the G.I. Bill to be a shop instructor. In 1953, I started teaching metal shop at Birmingham High School in Van Nuys.

When I was growing up, my dad taught me that, when you do a job, it should be done to the best of your ability.

As a teacher any student who told me his project was good enough, got it back to do over again.

I retired in 1983 from full time teaching, but substituted two or three times a week for the next ten years. In the meantime, I was doing the metal work for the Goldscrew Tromell, the Goldscrew Automatic Spiral panner, and the Automatic Concentrate Feeder. Prior to retiring, I manufactured hip mount kits which Jimmy Serra distributed for White's Metal Detectors. Later, I built scoops both for sand and for water hunting.

In the near future, I might make a few more scoops, but for now, I have the Club to think about and still leave time to have fun metal detecting.

Mike, We'll miss you!... Editor

AVTHS Crime Scene Training Session

We have a training session scheduled from 8 to noon, Saturday Feb. 29th at the club house.

Please try to be there. There will be some reviews and some new applications.,

Lovetta

*****Reminder *****

Don't forget to bring your Scavenger Hunt items to the April meeting!!

From the Board

The Regular Board Meeting was held on February 3, 2020

This was Wendy's last meeting as Treasurer, those duties will be filled temporarily by Rick W, Vicky, and Mike Snow.

Finds of a lifetime! ***The Holy Grail of Metal-Detecting : The Gold Coin***

Editor... We used to take our monthly finds to Russ' sister Betty and her husband, Fred's house to show them what Russ and I had found recently. They decided they wanted to give it a try and about six years ago, they bought metal detectors and started going out themselves. After a couple of gold rings, they were hooked, but I never thought Fred would outdo me so badly... Here's his story:

I spent a lot of time in the South Bay when I was a teenager in the 1950's. After pursuing other hobbies, I came late to metal detecting, only starting in the last few years. I have a White's Prizm 5 with a 950 loop that had been refurbished a couple of years back. (I've since upgraded to a Garrett At-Pro)

When I was sixteen, I lost a seal's tooth on a silver chain at one of my beach haunts. How great would it be if I found it all these years later? On January 27, 2018, a sunny winter day in Southern California, I thought I would give it a try, however long the odds.

Little did I know that there was a different prize waiting at this spot, for the first treasure seeker that came along. Anyone, detecting that day could have found it, but on this day, at this moment, in this square inch of sand, it was mine. I couldn't believe what it was at first, an 1881 Liberty Half-Eagle five dollar gold coin! How neat is that?

SCOTT SANDAHL

Proprietor

Meeting Refreshment volunteers.

The board voted to limit the refreshment reimbursement to \$25 per month. While we have had some delicious monthly refreshments, we want to remind those providing them that they are just snacks, not meals! So anything over \$25 is at the generosity of the members bringing them.

Remember to bring plenty to drink, a chair and sunscreen. For those who want to caravan
Contact Scott Sandahl, 661-733-9869

Info:

Atolia is a ghost town in the Mojave desert near Randsburg, in northwestern San Bernardino County. According to Wikipedia, it was originally the site of a Tungsten mine from 1905. The town was named after two mine officials, Atkins and DeGolia. In its heyday, it had two thousand residents. There was once a dairy, a movie theater and a saloon.

Treasure Hunters Code of Ethics

I will always check federal, state, county and local laws before searching; it is my responsibility to know the law.

I will respect private property and will not enter private property without the owner's permission. Where possible, such permission will be in writing.

I will take care to refill any holes and try not to leave any damage.

I will remove and dispose of any and all trash and litter that I find.

I will appreciate and protect our inheritance of natural resources, wildlife, and private property.

I will, as an ambassador for the hobby, use thoughtfulness, consideration and courtesy at all times.

I will work to help bring unity to our hobby by working with any organization of any geographic area that may have problems that will limit their ability to peacefully pursue the hobby.

I will build fires in designated or safe places only.

I will report to the proper authorities any individuals who enter and/or remove artifacts from federal parks or state preserves.
